

Development Software

The WebStudio Development Software is used to create an operator interface application for use in Panel PCs. The development software includes a USB Hardkey that allows you to create WebStudio projects on any computer that has the USB Hardkey attached.

NOTE: The USB Hardkey is required and must be connected to the USB port of the development computer. The development software must be installed onto a development computer running Windows XP or Vista.

Model Number	Operating System	Description	List Price
WEB1500CE	Windows CE Projects Only	WebStudio development software for Windows CE applications. Includes development software and one runtime license for 1,500 application tags, three communication drivers, and one web session.	\$860
WEB1500XP	Windows XP or CE Projects	WebStudio development software for Windows XP or CE applications. Includes development software and one runtime license for 1,500 application tags, three communication drivers, and one web session.	\$1,165
WEB4000XP	Windows XP or CE Projects	WebStudio development software for Windows XP or CE applications. Includes development software and one runtime license for 4,000 application tags, three communication drivers, and one web session.	\$2,665
WEB64000XP	Windows XP or CE Projects	WebStudio development software for Windows XP or CE applications. Includes development software and one runtime license for 64,000 application tags, three communication drivers, and one web session.	\$4,365

Runtime Licenses

A Runtime License allows an application created with the WebStudio Development Software to operate in a Panel PC. One license is required per Panel PC.

NOTE: The number of application tags in the WebStudio Development Software must be greater than or equal to the number in the Runtime License.

Model Number	Operating System	Description	List Price
WEB0150CE-RT	Windows CE	WebStudio runtime license for Windows CE. Includes 1 runtime license for 150 application tags, 1 communication driver, and 1 web session.	\$165
WEB1500CE-RT	Windows CE	WebStudio runtime license for Windows CE. Includes 1 runtime license for 1,500 application tags, 3 communication drivers, and 1 web session.	\$410
WEB0150XP-RT	Windows XP	WebStudio runtime license for Windows XP. Includes 1 runtime license for 150 application tags, 1 communication driver, and 1 web session.	\$265
WEB1500XP-RT	Windows XP	WebStudio runtime license for Windows XP. Includes 1 runtime license for 1,500 application tags, 3 communication drivers, and 1 web session.	\$645
WEB4000XP-RT	Windows XP	WebStudio runtime license for Windows XP. Includes 1 runtime license for 4,000 application tags, 3 communication drivers, and 1 web session.	\$1,545
WEB64000XP-RT	Windows XP	WebStudio runtime license for Windows XP. Includes 1 runtime license for 64,000 application tags, 3 communication drivers, and 1 web session.	\$2,595

Pre-Installation of Runtime Licenses

The Runtime Licenses can be pre-installed on a Maple Systems Ivory or Gold Series Panel PC. This service includes registration of the Runtime License.

NOTE: The pre-installation service must be purchased at the same time as the Runtime License and the Panel PC.

Model Number	Description	List Price
WEB-PI-IVORY	Pre-Installation of a Runtime License on an Ivory Series Panel PC (<i>optional</i>)	\$50
WEB-PI-GOLD	Pre-Installation of a Runtime License on a Gold Series Panel PC (<i>optional</i>)	\$50

Hardkeys

A USB Hardkey is included with the WebStudio Development Software. A USB Hardkey is also available as an option for the Runtime Licenses (Windows XP only). The USB Hardkey for the Runtime Licenses allows the user to transfer the Runtime License Key from one Panel PC (Windows XP only) to another.

NOTE: A USB Hardkey for the Windows CE Runtime Licenses is not available.

Model Number	Description	List Price
WEB-USB-HK-RT	USB Hardkey for Runtime License (Windows XP only) (<i>optional</i>)	\$70

Web Sessions

Web Thin Client Sessions are used to display runtime application screens on a remote computer using Microsoft Internet Explorer (version 6 or later) with a connection over a TCP/IP (internet or intranet) web link. Any Web Thin Client Screen is automatically updated when a tag changes value on the server (target Panel PC). Security and encryption of web data is supported. Each Runtime License includes one Web Session.

NOTE: Additional Web Sessions must be purchased at the same time as the Runtime License.

Model Number	Description	List Price
WEB-002-WS	1 Additional Web Session is added to a Runtime License for a total of two concurrent Web Sessions (<i>optional</i>)	\$240
WEB-004-WS	3 Additional Web Sessions are added to a Runtime License for a total of four concurrent Web Sessions (<i>optional</i>)	\$340
WEB-008-WS	7 Additional Web Sessions are added to a Runtime License for a total of eight concurrent Web Sessions (<i>optional</i>)	\$480

Import Wizards

Import Wizards convert existing PanelBuilder™ (Allen Bradley® PanelView™) or PanelMate™ (Cutler Hammer®) applications into WebStudio applications. Imports tags, graphics, and operator interface functions (e.g. trends, alarms, etc.).

NOTE: Additional editing may be required after conversion depending upon the application.

Model Number	Description	List Price
WEB-IW-PB	Converts PanelBuilder™ applications into WebStudio applications (<i>optional</i>)	\$850
WEB-IW-PM	Converts PanelMate™ applications to WebStudio applications (<i>optional</i>)	\$850
WEB-GW-WW	Gateway to Wonderware® InTouch™ and Intellution® iFix™ SCADA systems; allows data communications to the WebStudio software using native drivers (<i>optional</i>)	\$425

Application Tag Upgrades

Upgrades are available for customers who want to upgrade from one license configuration (i.e. 1500 application tags) to the next level up (i.e. 1500 to 4000 application tags).

NOTE: In order to upgrade the number of application tags to the next level up, the WebStudio Development Software and the Runtime License must be the most recent version (if not, they must be upgraded at the same time).

Model Number	Description	List Price
WEB4000XP-U	Upgrade WEB1500XP Development Software to WEB4000XP	\$1,500
WEB64000XP-U	Upgrade WEB4000XP Development Software to WEB64000XP	\$1,700
WEB1500CE-RTU	Upgrade WEB0150CE-RT Runtime License to WEB1500CE-RT	\$235
WEB1500XP-RTU	Upgrade WEB0150XP-RT Runtime License to WEB1500XP-RT	\$380
WEB4000XP-RTU	Upgrade WEB1500XP-RT Runtime License to WEB4000XP-RT	\$900
WEB64000XP-RTU	Upgrade WEB4000XP-RT Runtime License to WEB64000XP-RT	\$1,050

Development Software Upgrades (to current version)

Upgrades are available for customers who want to upgrade a prior version of the WebStudio Development Software to the latest version (i.e. v6.1 to v6.2).

NOTE: The number of applications tags will remain the same after the upgrade. Please refer to the Application Tag Upgrades section for pricing on upgrading the number of application tags.

Model Number	Description	List Price
WEB1500CE-C	Upgrade a WEB1500CE Development Software to the latest version	\$495
WEB1500XP-C	Upgrade a WEB1500XP Development Software to the latest version	\$795
WEB4000XP-C	Upgrade a WEB4000XP Development Software to the latest version	\$1,695
WEB64000XP-C	Upgrade a WEB64000XP Development Software to the latest version	\$2,795

Runtime License Upgrades (to current version)

Upgrades are available for customers who want to upgrade a prior version of a Runtime License to the latest version (i.e. v6.1 to v6.2).

NOTE: The number of applications tags will remain the same after the upgrade. Please refer to the Application Tag Upgrades section for pricing on upgrading the number of application tags.

Model Number	Description	List Price
WEB0150CE-RTC	Upgrade a WEB0150CE-RT Runtime License to the latest version	\$95
WEB1500CE-RTC	Upgrade a WEB1500CE-RT Runtime License to the latest version	\$295
WEB0150XP-RTC	Upgrade a WEB0150XP-RT Runtime License to the latest version	\$195
WEB1500XP-RTC	Upgrade a WEB1500XP-RT Runtime License to the latest version	\$495
WEB4000XP-RTC	Upgrade a WEB4000XP-RT Runtime License to the latest version	\$1,095
WEB64000XP-RTC	Upgrade a WEB64000XP-RT Runtime License to the latest version	\$1,695
