Display Type	TFT	STN
<u>Pricing</u>	HMI520T \$ 599	GT-30 Color \$699
	EZware-500 \$ 75	GTWin Configuration Software \$ 159
	Total \$674	\$858

More features for better function ...

Pay less - get more. It seems a novel concept in today's world, but its one of our core values. Our customers save money and still get a quality product that outperforms the competition by leaps and bounds. That's a promise you can take to the bank.

- Over 200 more colors
- More memory
- More powerful graphics capability
- Bolder, brighter display
- More design freedom
- More functional graphics
- Supports more controllers than theirs
- Our TFT is over \$100 less than their STN
